

Bachelor of Science in Economics

About This Program

The Bachelor of Science in Economics will enable graduates to meet the needs of employers in the era of "big data" and provide a strong background for those who wish to proceed to graduate school. Students will be exposed to the latest data analysis and visualization programs used in the business world and gain analytic skills that are valuable to both employers and graduate schools.

Competencies

1. Upon completion, economics students will demonstrate an ability to capture, cleanse, and analyze data for making business decisions.
2. Upon completion, economics students will demonstrate knowledge of how to apply economic theory to make business decisions.
3. Upon completion, economics students will demonstrate a working knowledge of Econometrics, including the ability to interpret, critique, and estimate empirical models of economic behavior.

Curriculum

Students must meet all lower division requirements before enrolling for upper division courses. Specified prerequisites are designated for certain courses.

Foundations

General Core Requirements (<https://catalog.uta.edu/academicregulations/degree requirements/generalcore requirements/>) 42
