

Certificate in Entrepreneurship

About This Program

The Certificate in Entrepreneurship provides students with skills and training in: identifying innovations and market opportunities, writing a business plan, obtaining funding, and launching a new company. The certificate enhances a student's general education, academic major and/or career preparation in innovation and entrepreneurship. All students will take a common course that will present the fundamentals of entrepreneurship. Two additional courses will be taken, based on the students' interests, drawn from a list of approved courses across academic disciplines. This certificate is designed for current UT Arlington students and can be earned as part of a degree program at both the undergraduate and graduate level. It can also be earned by non-degree seeking students as a stand-alone certificate.

Competencies

1. Upon completion students will be able to identify business opportunities and access market needs.
2. Upon completion students will be able to apply critical thinking, adaptability to navigate uncertainty in making business decisions.
3. Upon completion students will be able to demonstrate knowledge and understanding of translating ideas into actionable business strategies.
