

Bachelor of Business Administration in Economics

About This Program

The Bachelor of Business Administration in Economics provides a broad overview of the behavior of people and firms in making decisions about the allocation of scarce resources and examines the structure of the economy as a whole.

Competencies

1. Upon completion, economics students will demonstrate knowledge of how to apply economic theory to make business decisions.
2. Upon completion, economics students will demonstrate a working knowledge of Econometrics, including the ability to interpret, critique, and estimate empirical models of economic behavior.
3. Upon completion, economics students will demonstrate an ability to capture, cleanse, and analyze data for making business decisions.

Curriculum

Students must meet all lower division requirements before enrolling for upper division courses. Specified prerequisites are designated for certain courses.
