

Minor in Spanish for Global Competence

About This Program

The Minor in Spanish for Global Competence provides foundational academic preparation for students to develop linguistic and intercultural competence through the study of Spanish and the cultures of the Spanish-speaking world. The minor program includes language and culture courses at the beginning, intermediate, and advanced levels and is designed to maximize the success of both language learners and native/heritage speakers of Spanish. Language skills enable students to connect with individuals from diverse backgrounds, both personally and professionally. The minor program enhances students' career prospects in areas requiring advanced use of Spanish such as government, international relations, business, education, media communications, and health, legal, and social services.
