## Advising Resources

Our advisor is here to help you at all stages of your academic journey. Scheduling an appointment can help current students update their degree plan, assess their academic standing, and plan their educational and career goals. Students should ensure prior to their appointments that they have submitted all transcripts for review. Theatre Arts & Dance students are required to schedule an appointment to receive clearance into their courses each semester. Prospective students with less than 30 college credit hours will need to contact the Division of Student Success. All students, regardless of credits, must be a UTA student with a student ID number to declare a Theatre Arts & Dance degree.
