

Post-Master's Certificate in Nursing Administration

About This Program

The Post-Master's Nursing Administration Certificate enables individuals with a master's degree in nursing to advance in professional roles of nursing administration as well as provide a pathway toward doctoral programs in nursing practice.

The MSN Administration core courses may be taken in the Accelerated Online format only, or an equivalency course with credit hours transferred to UTA. Required courses will be determined by a gap analysis completed by the program director.

Competencies

1. Graduates will be able to demonstrate competence in an advanced nursing role.
2. Graduates will be able to participate in scholarly endeavors to advance nursing knowledge.
3. Graduates will be able to provide leadership in professional nursing and interdisciplinary health care.

Curriculum

Some requirements may be waived based on a review of coursework already completed.
